

ABOUT DENCIO'S

Dencio's is a famous bar and restaurant that has been offering an authentic Filipino dining experience for 28 delicious years. It first opened its door in a quaint space in Katipunan exuding a native and relaxing atmosphere. Its menu centered on food inherent to Filipinos, our very own cuisine. No wonder why Dencio's easily found its way to the stomachs of diners and successfully satisfied their appetites.

Dencio's is the ultimate go to for meals served anytime of the day, for ordinary days or on simple occasions, whether be it "pangsolo", "pampamilya" or "pangbarkada". From a simple restaurant, Dencio's altered its format to better cater to the needs and demands of its growing market.

The team behind Dencio's has always been full of enthusiasm in providing consistent and seamless service. Through the years, Dencio's serves as a venue for bonding moments over great food and thirst-quenching drinks. It gained its popularity for offering the best of both worlds, "ulam" and "pulutan" in one dish, thus, "PULUTAM". Topping the list of this "pulutam" is its signature dish, Krispy Sisig. One will never go wrong with the combo of sizzling Krispy Sisig plus ice-cold drinks living up to its mantra, "Basta Krispy Sisig, Dapat Dencio's".

Families, barkadas and colleagues out for casual eating and drinking sessions can choose from a hearty list of Dencio's specialties and wide selection of alcoholic beverages bringing memorable cheers to everyone. Guided by a new store concept, Dencio's continues to evolve, adding special features on its stores such as live performances, all grilled or all fried boodle feast and other interactive games/activities which make the stay more exciting and entertaining. Its branches are huge enough to accommodate guests in groups. It also offers flexible packages for celebration of all sorts of events or even just simple parties.
